(Wells File)

To

The Secretary to Government of
His Highness the Maharaja of Mysore,
Revenue Department, Bangalore

Sir,

Subject - Sinking of two more bore-wells in Tarikere Town

I have the honour to forward herewith a copy of the PC 25/47-48 dated 6-9-47 received from the President, Town Municipal Council, Tarikere, and to state as follows -

6/10

I during the two bore-wells, on the sinking of which Government sanctioned a grant of Rs 2500/- during 1944-5 (Vide G O No L 9358-61 Rev 106---43 dated 19-3-45) there are at present four bore-wells in Tarikere Town The total capacity of all these bore wells is reported to be 1700 gallons per hour while the normal requirement of water for Tarikere Town is 1,00,000 Gallons per day It is therefore necessary to have more number of Bore Wells consistent with the requirements of the Town

The Sanitary Engineer, who was consulted by the Town Municipal Council, has opined that two more bore-wells are necessary and that the estimated cost of digging the two additional bore-wells will be Rs 6000/- The Municipal Council have resolved on 31-8-47 that they would meet half the cost The Municipal Council have requested for a grant of Rs 3000/- (being half the estimated cost) from Government

I request the favour of early orders of Government in the matter The enclosures received with the report of the President Town Municipal Council Tarikere are sent here it for reference

I have the honour to be,
Sir,
Your most obedient servant,

Deputy Commissioner,
Chittagong District
